CONTENTS

Agronomy

- N. Uchiyama :
Studies on humus-concretions in subsoils of paddy fields 1

Animal Husbandry

- A. Mori :
Studies on abnormal spermatozoa III. Appearance of abnormal spermatozoa in albino rats injected with follicular hormone 15
- A. Mori :
Studies on abnormal spermatozoa IV. Morphological observations of abnormal spermatozoa in various portions of genital organs of male albino rats 29
- K. Ishida :
Histochemical studies of rat ova with special reference to glycogen of them after ovulation 39
- Y. Toryu and H. Tamate :
Comparative histochemistry of the glycogen and ribonucleic acid in the nervous systems of animals 51
- Y. Sakuma :
The semen excretion test of male batrachia for the diagnosis of early pregnancy in mare 69
- Z. Fujita, M. Katsuno and K. Makino :
Effects of a terramycin on the growth and the intestinal bacteria of chicks fed on all-plant protein ration 83
- M. Umezu, A. Shibata and S. Minagaki :
Studies on the digestion of ruminants III. Hypoglycemia and insulin ketosis in goat 93
- M. Kametaka and K. Hatakeyama :
Studies on the artificial digestion assay I. Basal experiment on the application of the dialysis method 101
- T. Nakanishi, J. Kuroda, T. Kawanami and S. Adachi :
Studies of antioxygenic action of vitamin C on the constituents of dried whole milk I. Effect of hydroquinone and *cis*-isosafræugenol 113

Fisheries

- Y. Tsuchiya and E. Endo :
Enzymic reduction of trimethylamine oxide 127
- C. Matsudaira :
The catalytic activity of sea-water IV. Effect of added copper on the catalytic activity 135
- C. Matsudaira, T. Kariya and T. Tsuda :
The study on the biology of a mysid, *Gastrosaccus vulgaris* Nakazawa 155
- R. Sato :
Biological observation on the pond smelt, *Hypomesus olidus* (Pallas), in Lake Kogawara, Aomori Prefecture, Japan II. Early life history of the fish 175

Agricultural Chemistry

- T. Uemura, C. Furusaka, T. Sudo, Y. Fujii, K. Takagi and T. Miyagi :
Studies on the Sake-yeast 185
